BANK II BUSH

WATER POINT SPONSORSHIP

SPONSOR A WATER POINT

Bank2Bush is more than just a cycling event; it's a pioneering journey towards community-driven change. If you have a heart for the purpose and causes of Inhliso Heritage Foundation, such as community upliftment and youth development, we invite you to invest in purpose by sponsoring a water point, helping to launch the vision of the foundation. If there is any other way that you would like to invest in purpose, we would love to hear from you.

About the event:

There will be 35 cyclists, 35 supporters and a media crew of 10; covering 422km with over 6000m of elevation over 5 days. There will be a total of 10 water points which will be managed by the supporters.

Why sponsor a water point?

Essential Hydration & Nutrition: Keep our cyclists refreshed and nourished as they pedal for purpose.

Brand Exposure: Showcase your brand to a diverse audience of participants and spectators through multimedia.

Community Impact: Your donation will not only cover the cost of the water point but will also be directed to the projects of the foundation, helping to get community projects off the ground and make a lasting impact.

Receive an 18A tax certificate: This enables your contribution to be legally deducted from your taxable income.

Be a Pioneer: This sponsorship opportunity is just the beginning. By partnering with us now, you position your brand as a pioneer in this exciting journey towards a future full of hope and legacy.
